Research Interests

A PhD candidate at the National University of Singapore and consultant at the World Bank Group, interested in researching travel behavior, human perception, and equity with emerging spatial data sources, such as street-view imagery, and machine/deep learning techniques.

Education

The National University of Singapore

Aug 2022 – Present

PhD in Urban Analytics

Singapore

- Ongoing projects supervised by Dr. Filip Biljecki:

1. Sequential and agent-based modeling of the effects of cycling interventions on intention to cycle

The National University of Singapore

Aug 2019 – May 2021

Master of Urban Planning

Singapore

- 4.53/5.00 cumulative GPA (Highest Distinction)

Soka University of America

Aug 2015 – May 2019

Bachelor of Arts, Liberal Arts with Concentration in Environmental Studies

Aliso Viejo, CA

- 3.95 /4.00 cumulative GPA (summa cum laude)

Council on International Educational Exchange

Aug 2017 – Dec 2017

Study Abroad Program

Dakar, Senegal

Honors

- Singapore International Graduate Award (SINGA) Scholarship

Aug 2022 – Present

- Japan Student Services Organization Scholarship (US\$40,000)

Aug 2020 – May 2021

- Soka University of America Makiguchi Scholarship (US\$10,000)

May 2019

- Soka University of America Dean's List (GPA is 3.7 or higher)

Dec 2015 – May 2019

- Soka University of America Merit Scholarship (US\$20,000)

Aug 2015 – May 2019

Services at Organizations

- **International Forum on Urbanism (IFoU):** Young Ambassador **2024 – Present**

Talks and Poster Presentations

6. **“Examining the causal impacts of the built environment on cycling activities using time-series street view imagery”** **Jul 2024**
 Chaired a session and presented at the IATBR Conference *Vienna, Austria*
5. **“Advancing urban modeling with emerging geospatial datasets and AI technologies”** **Feb 2024**
 Gave an invited talk at the Global Space and Technology Convention 2024 Conference hosted by Singapore Land Authority. *Singapore*
4. **“Evaluating active mobility and urban perception with visual data”** **Oct 2023**
 Gave a guest lecture talk at a GIS course at the National University of Singapore. *Singapore*
3. **“Sidewalk the Talk: Translating street view imagery to correct perspectives to enhance bikeability and walkability studies”** **Oct 2023**
 Presented a poster at the Urban Solutions and Sustainability R&D Congress. *Singapore*
2. **“Street View Imagery: Have we answered all the questions with it? What’s left to do?”** **Sep 2023**
 Chaired a session at Spatial Data Science Symposium 2023. *Online*
1. **“Application of GIS in research and international institution.”** **Oct 2021**
 Presented my research at Soka University of America, Advanced GIS Course. *Online*

Work Experience

The World Bank Group — Poverty and Equity Global Practice **Apr 2021 – Present**
Consultant *Remote*

- Developed and maintained interactive data dashboards using Shiny and Golem frameworks to facilitate spatial data visualization and analysis.
- Implemented spatial lag models in R to analyze factors correlated with poverty and stunting.
- Led the collection, cleaning, and mapping of various spatial data sets to predict poverty rates in developing countries with XGBoost in Python.
- Conducted a capacity-building program for Tanzania’s National Bureau of Statistics, imparting skills and knowledge on spatial analysis using R.

Johnson Controls

Nov 2020 – May 2021

Data Analytics Intern

Singapore

- Constructed a data pipeline of PM2.5 data, weather data, and traffic data in Singapore on Azure Synapse for a real-time Power BI dashboard.
- Built a time-series model to predict PM 2.5 levels anywhere in Singapore with Python.

The World Bank Group — Tokyo Development Learning Center

Apr 2020 – Jan 2021

Urban Development Research Intern

Remote

- Compiled comprehensive data set of over 4,000 Tokyo-based startups' information, such as addresses, investors, and accelerators, using Python.
- Visualized financial performance of light rail transport system in Toyama prefecture between 2002 and 2019.

ENDA LEAD Afrique Francophone

Aug 2017 – Dec 2017

Research Intern

Dakar, Senegal

- Authored a report on accessibility to potable water in 500 villages in the Saint-Louis region in Senegal.

Teaching Experience

CDE2212 AI for Design

Aug 2024 – Dec 2024

Teaching Assistant

The National University of Singapore, Department of Architecture

- Assisted in a comprehensive course on AI applications in design (generative models), providing in-person and online support during weekly lectures and tutorials, conducting lab sessions, and grading.

DEP5111 Planning Technologies

Jan 2024 – May 2024

Teaching Assistant

The National University of Singapore, Department of Architecture

- Assisted Master of Urban Planning students in mastering R Data Science through hands-on coding support, troubleshooting, and grading, enhancing their data analysis and visualization skills.

AR5805 Advanced Architecture Studio

Aug 2023 – Dec 2023

Teaching Assistant

The National University of Singapore, Department of Architecture

- Assisted the lead professor with logistical and administrative tasks, including the preparation of course documents and aiding in the smooth operation of lectures.

Supervising

- | | |
|--|---------------------|
| • Shu Wang: Master of Applied GIS, the National University of Singapore | Apr 2024 – Jul 2024 |
| • Heyang Hua: Master of Urban Planning, the National University of Singapore | Jan 2024 – May 2024 |
| • Zeyu Wang: Master of Urban Planning, the National University of Singapore | Aug 2022 – May 2023 |

Technical Skills

Languages: Japanese (native), English (fluent), French (limited working proficiency)

Computer Skills: Python, R, SQL, Spark, ArcGIS, QGIS, Google Earth Engine, Azure, AWS, Power BI
