Research Interests

A PhD candidate at the National University of Singapore and a former consultant at the World Bank Group, interested in researching travel behavior, human perception, and equity with emerging spatial data sources, such as street-view imagery, and machine/deep learning techniques. Creator of ZenSVI, a Python package with over 120,000 downloads, designed for analyzing street-view imagery data.

Education

The National University of Singapore

Aug 2022 – Present

PhD in Urban Analytics

Singapore

- Ongoing projects supervised by Dr. Filip Biljecki:
 1. Sequential and agent-based modeling of the effects of cycling interventions on intention to cycle

The National University of Singapore

Aug 2019 – May 2021

Master of Urban Planning

Singapore

- 4.53/5.00 cumulative GPA (Highest Distinction)

Soka University of America

Aug 2015 – May 2019

Bachelor of Arts, Liberal Arts with Concentration in Environmental Studies

Aliso Viejo, USA

- 3.95 /4.00 cumulative GPA (summa cum laude)

Council on International Educational Exchange

Aug 2017 – Dec 2017

Study Abroad Program

Dakar, Senegal

Visiting Researcher Experience

Massachusetts Institute of Technology

Sep 2025 – Mar 2026

Visiting Researcher, Senseable City Lab

Cambridge, USA

Delft University of Technology

May 2025 – July 2025

Visiting Researcher, CityAI Lab

Delft, the Netherlands

The University of Texas at Austin

Feb 2025 – Apr 2025

Visiting Researcher, GISense Lab

Austin, USA

The University of Tokyo

Jan 2025

Visiting Researcher, the Urban Transportation Research Unit

Tokyo, Japan

Honors

- Singapore International Graduate Award (SINGA) Scholarship Aug 2022 – Present
- Japan Student Services Organization Scholarship (US\$40,000) Aug 2020 – May 2021
- Soka University of America Makiguchi Scholarship (US\$10,000) May 2019
- Soka University of America Dean's List (GPA is 3.7 or higher) Dec 2015 – May 2019
- Soka University of America Merit Scholarship (US\$20,000) Aug 2015 – May 2019

Services at Organizations

- **International Forum on Urbanism (IFoU):** Young Ambassador **2024 – Present**

Invited Talks and Poster Presentations

- | | |
|--|---|
| 10. “Perceived Traffic Safety’s Impact on Cycling Route Choice”
Gave a guest lecture at TU Delft Faculty of Technology, Policy and Management | July 2025
<i>Delft, the Netherlands</i> |
| 9. “Seeing cities with human-centric visual AI”
Gave an invited talk at the Ghent University | May 2025
<i>Ghent, Belgium</i> |
| 8. “Programming for GIS”
Gave a guest lecture for GRG 356T Cartography And Maps at the University of Texas at Austin | March 2025
<i>Austin, USA</i> |
| 7. “Understanding Human Perceptions and Travel Behavior with Emerging Technologies”
Gave invited talks for Sekimoto Lab and Urban Transportation Research Unit at the University of Tokyo | Jan 2025
<i>Tokyo, Japan</i> |
| 6. “Examining the causal impacts of the built environment on cycling activities using time-series street view imagery”
Chaired a session and presented at the IATBR Conference | Jul 2024
<i>Vienna, Austria</i> |
| 5. “Advancing urban modeling with emerging geospatial datasets and AI technologies”
Gave an invited talk at the Global Space and Technology Convention 2024 Conference hosted by Singapore Land Authority. | Feb 2024
<i>Singapore</i> |

4. **“Evaluating active mobility and urban perception with visual data”** **Oct 2023**
Singapore
Gave a guest lecture talk at a GIS course at the National University of Singapore.
3. **“Sidewalk the Talk: Translating street view imagery to correct perspectives to enhance bikeability and walkability studies”** **Oct 2023**
Singapore
Presented a poster at the Urban Solutions and Sustainability R&D Congress.
2. **“Street View Imagery: Have we answered all the questions with it? What’s left to do?”** **Sep 2023**
Online
Chaired a session at Spatial Data Science Symposium 2023.
1. **“Application of GIS in research and international institution.”** **Oct 2021**
Online
Presented my research at Soka University of America, Advanced GIS Course.

Work Experience

The World Bank Group — Poverty and Equity Global Practice **Apr 2021 – Jul 2022**
Consultant *Remote*

- Developed and maintained interactive data dashboards using Shiny and Golem frameworks to facilitate spatial data visualization and analysis.
- Implemented spatial lag models in R to analyze factors correlated with poverty and stunting.
- Led the collection, cleaning, and mapping of various spatial data sets to predict poverty rates in developing countries with XGBoost in Python.
- Conducted a capacity-building program for Tanzania’s National Bureau of Statistics, imparting skills and knowledge on spatial analysis using R.

Johnson Controls **Nov 2020 – May 2021**
Data Analytics Intern *Singapore*

- Constructed a data pipeline of PM2.5 data, weather data, and traffic data in Singapore on Azure Synapse for a real-time Power BI dashboard.
- Built a time-series model to predict PM 2.5 levels anywhere in Singapore with Python.

The World Bank Group — Tokyo Development Learning Center **Apr 2020 – Jan 2021**
Urban Development Research Intern *Remote*

- Compiled comprehensive data set of over 4,000 Tokyo-based startups’ information, such as addresses, investors, and accelerators, using Python.
- Visualized financial performance of light rail transport system in Toyama prefecture between 2002 and 2019.

ENDA LEAD Afrique Francophone **Aug 2017 – Dec 2017**
Research Intern *Dakar, Senegal*

- Authored a report on accessibility to potable water in 500 villages in the Saint-Louis region in Senegal.

Teaching Experience

CDE2212 AI for Design **Aug 2024 – Dec 2024**
Teaching Assistant *The National University of Singapore, Department of Architecture*

- Assisted in a comprehensive course on AI applications in design (generative models), providing in-person and online support during weekly lectures and tutorials, conducting lab sessions, and grading.

DEP5111 Planning Technologies **Jan 2024 – May 2024**
Teaching Assistant *The National University of Singapore, Department of Architecture*

- Assisted Master of Urban Planning students in mastering R Data Science through hands-on coding support, troubleshooting, and grading, enhancing their data analysis and visualization skills.

AR5805 Advanced Architecture Studio **Aug 2023 – Dec 2023**
Teaching Assistant *The National University of Singapore, Department of Architecture*

- Assisted the lead professor with logistical and administrative tasks, including the preparation of course documents and aiding in the smooth operation of lectures.

Supervising

- Shu Wang: Master of Applied GIS, the National University of Singapore **Apr 2024 – Jul 2024**
- Heyang Hua: Master of Urban Planning, the National University of Singapore **Jan 2024 – May 2024**
- Zeyu Wang: Master of Urban Planning, the National University of Singapore **Aug 2022 – May 2023**

Technical Skills

Languages: Japanese (native), English (fluent), French (limited working proficiency)
Computer Skills: Python, R, SQL, Spark, ArcGIS, QGIS, Google Earth Engine, Azure, AWS, Power BI
